

Non-custodial Parent Finances

For 2022-2023 School Year using 2020 tax information

This form is used to supplement separate information supplied by the student and custodial parent with the underlying assumption that both parents, regardless of marital status, along with the student, share the primary responsibility for providing a reasonable level of financial support before institutional sources of financial aid are considered.

The non-custodial parent completes this form and submits it directly to College of the Atlantic with a **2020** federal tax form or Tax Return Transcript by encrypted email, mail or fax. **Information on this form is confidential and not shared with the student or ex-spouse without explicit permission (see checkbox at end). The non-custodial parent will not be contacted by the college or billed unless they have been designated as the billing party.**

The student fills out the Free Application for Federal Student Aid (FAFSA) with the custodial parent as defined in this paragraph. The non-custodial parent (and spouse if remarried) fills out this form. Determination of *custodial* status: For parents who are divorced, separated or never married and not living together, the custodial parent is the parent you lived with more during the past 12 months. (If you did not live with one parent more than the other, give answers about the parent who provided more financial support during the past 12 months or during the most recent year that you actually received support from a parent.) Custodial status is not necessarily linked to the parent that may claim the student as an exemption for tax purposes.

Section 1: Student Information

Student name First: _____ Last: _____

Social Security Number: _____/_____/_____ Date of birth: _____/_____/_____

Student primarily resides with parent #1 with parent #2 equally between parent #1 and parent #2
