Please follow these instructions to connect to the COA WiFi network under a guest account. If you plan on plugging your computer into a wired port to gain access to the network, please contact computer services at (207) 801-5653.

**Step 1: Connect to the COA Cloud wireless Internet**
1. Click on the wireless network icon in the taskbar.
2. Select “coacloud” and select “Connect.”
3. Your computer should then connect to the COA network. If you have trouble connecting, please contact computer services at (207) 801-5653.

**Step 2: Open your Internet browser and go to any website, such as Google. This window will pop up. Please read the policy before selecting “Accept.”**

![Acceptable Use Policy](image)

**Step 3: Once you accept, this window will open. Click the hyperlink under Guests Without An Account.**

![Guest Access](image)
Step 4: Please fill out the information in this window and click the “Continue” button.

Step 5: First a progress screen will appear.

Step 6: Click OK, close your Internet browser completely and reopen it.

Congratulations! You have successfully connected to the Internet! If you have any questions, call the COA Computer Helpdesk at (207) 801-5653 or visit our office on the first floor of the Arts and Sciences building Monday through Friday, from 8 a.m. to 4 p.m., and we will be happy to help you.
