Introduction

College of the Atlantic is committed to fostering a safe, respectful, and accountable campus community. In alignment with this commitment—and in accordance with the federal *Stop Campus Hazing Law*—this Transparency Report provides information about hazing policy violations and outcomes to promote awareness, strengthen prevention efforts, and support informed decision-making.

What is included in the Hazing Transparency Report?

Any violations listed below include incidents that occurred during or after Fall Term 2025 and are part of COA's Campus Transparency Report.

This report includes descriptions only of groups found responsible for hazing.

Statistics on Clery-reportable hazing incidents reported to Campus Public Safety or local law enforcement agencies—including reports with unsubstantiated allegations—will be published in COA's Annual Security Report beginning in Fall 2026, in accordance with the federal *Stop Campus Hazing Law*.

This report will be updated twice annually: at the end of the Fall Term and at the end of the Spring Term. Cases occurring over the summer will be included in the Fall Term update.
